

KEVIN KING

C H A N N E L S A L E S M A N A G E R

PROFILE

A self-motivated, enthusiastic, channel sales manager with over 20 years experience in the field of television production, broadcast and film for the UK and international markets. Creative, hard-working and conscientious, with proven support and management skills, excellent workflow knowledge and capable of working on own initiative, but equally adept at working within a team structure.

EMPLOYMENT

■ Solutions Sales Engineer (Zixi) 2024 - present

- technical consultant and pre/post-sales role working closely with sales staff to present and demonstrate Zixi Platform solutions, products, features, benefits, and future product direction, to customers and industry partners.
- conducted detailed customer requirements, discovery, and analysis for Zixi customers including Sky, Apple, MLB, NHL, IMG Studios, NEP, Amazon Prime and Premier League clubs.
- provided support and quality assurance to tier one clients.

■ Channel Sales Manager (Phosphor/ AJA Video Systems) 2010 – 2024

- EMEAR business management for AJA Video Systems, managing multiple territories including distribution & sales resellers with strong sales relationships in the Middle East and Africa.
- managing OEM and partner relationships across the whole territory and as part of the OEM team to grow the OEM sales business by 300% year on year.
- helped design award winning products that have broken into new markets.
- monitoring business activities and business performance to ensure that actual sales meet or exceed established revenue plans.
- designed and presented imaginative training programs for staff, resellers and clients.
- managing, designing and executing major tradeshow and partner events worldwide
- liaising with both current and potential clients to develop existing and new business opportunities.
- reviewing customers drawings, plans and other documents in order to prepare detailed technical proposals and tenders.
- conveying customer technical requirements to the internal engineering teams.
- maintaining professional working contact with key suppliers and third parties.
- identifying the customer's current and future requirements.
- conveying solution benefits to both business and technical audiences.
- retaining accounts through the development of strong relationships with key decision makers.
- experienced in negotiating mid to high-value contracts within both national broadcasters, blue-chip organisations and SMEs.
- exceptional communication skills both written and verbal, with business stakeholders at all levels.
- providing support for major worldwide events like the Olympics and Para-Olympic games.

■ Product Manager (root6 Technology) 2005 – 2010

- responsibility for both product planning and marketing of the ContentAgent product family.
- managed the products throughout their lifecycle, gathering and prioritising product and customer requirements, including defining the product vision, while working closely with engineering, sales, marketing and support to ensure that revenue and customer satisfaction goals have been met.
- performed product demonstrations to customers and technical training to resellers.
- briefed and trained sales staff on all aspects of the products including interfacing with data workflows.
- developed and supported the international reseller channel.
- created innovative press and marketing strategy for trade shows and press events.
- built partnerships with other manufacturers such as licensing opportunities with major software companies.
